
Which side??

Kind of early for this but I thought I would start this thread anyway. What side do you think we are going to go to? I think that the dark side would be fun, I was looking forward to being an orc again. Don't they grow in size are you level up.

I'm really cool with anything but I thought it might be fun to start this thread to get some talk going. I see Vel has a dark elf as her pick so I'm thinking she is leaning to the dark side of the force :)

For those here and those to come let us talk ;)

Your right about Orcs, This is from the official site:

Orcs are the largest of the greenskin species. They are bigger, more aggressive, and more muscular than their smaller cousins, the Goblins, Hobgoblins, and tiny Snotlings. Orcs continue to grow throughout their lives and their skin darkens with age. The strongest and most powerful Orcs grow to become Black Orcs, marked by their increased size and darker skin.

As for me I will probably go with whatever BE decides in general, however Vel and I were leanign towards empire.

Ya, I do have a dark elf for my pic, lol, it's kind of misleading though, sorry about that....not too many female avatars to choose from...hint hint

Anyhow, I was thinking Empire, but need to look into things more first. Ultimately, I'm sure that I can happily find my place either way :)

Ummm, I just thought of something.

Doesn't it just seem right that the Blessed Empire play on the side of the Empire? lol

I just looked into Warhammer a bit and the empire seems like a pretty cool choice. Bright Wizards and Warrior priests sounds cool.
